# About DMK

DMK Brookvale, DMK Burleigh Heads, DMK Banyo and DMK Manufacturing are all under the banner of DMK Forest Products, which always strive to ensure that these partnerships work efficiently and successfully together.

A wholly owned and operated Australian family company, DMK Forest Products officially commenced operations, in the forest and wood products business on June 19, 1972.

DMK Forest Products has a reputation for excellence in

both product and customer service, along with producing high quality manufacturing to your business.

Our plywood and wood panel distribution centres are at Brookvale in Sydney, Burleigh Heads on the Gold Coast and Banyo in Brisbane.

DMK prides itself on being one of the most elite and exclusive plywood suppliers in Australasia, stocking the much-sought-after brand WISA® Birch plywood. In our opinion, WISA® is the BEST!

# Mission Statement

At Team DMK, we are committed to ongoing support and satisfaction of our valued customers. Because DMK is the preferred supplier to you and to your business, we are dedicated to providing a quality product that represents value for money for the goods and services we offer.

DMK will always endeavour to:

- Act ethically, efficiently, honestly, morally and as fair as possible at all times.
- Create an enjoyable and

safe working environment with our team to excel in communication, performance, innovation and integrity.

- Recognise and understand the needs of our customers, and the types of products and services required by them and their businesses.
- Research, understand and anticipate the ever-changing market, and ensure all legal and regulatory obligations are always met.

# Company Affiliations

DMK Forest Products has exclusively represented the Finland-based UPM-Kymmene Plywood Group in Australasia since 1982.

## WISA®

Representing UPM-Kymmene Wood Oy of Finland has given us access to the innovative WISA® brand plywood panel products – unique in the Australian market and only available from **DMK Forest Products**.

Using the WISA® brand underpins our mission statement to provide the highest quality products to our customers.

We stock plywood from 4mm through to 35mm in thickness and sizes from 1220mm x 2440mm through to 2440mm x 6100mm, along with a comprehensive range of finishes and textures.

## UPM

This relationship has been a lasting and trusting one and we are very proud of this association.

Many mills are both PEFC and FSC certified. Visit them at [www.wisaplywood.com](http://www.wisaplywood.com)

# Representing the Best

DMK Forest Products is most fortunate to represent some very well-respected manufacturers both here in Australia and abroad.

They include Austral Plywoods, Arauco, Bostik Adhesives, Borg Manufacturing, Carter Holt Harvey, EGR and The Laminex Group.

**ARAUCO**

**Laminex**

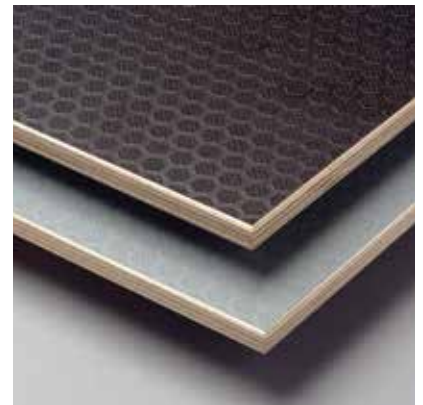

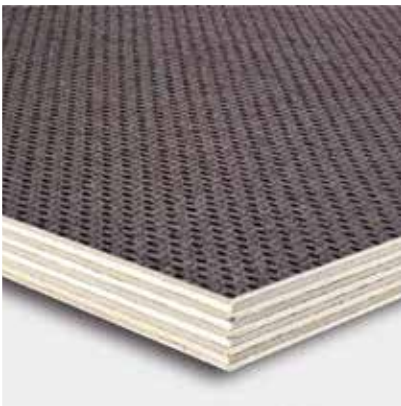

# Product Range

Our range of products is extensive. We offer:

- WISA® birch plywood
- Aircraft plywood
- Model-crafting plywood
- Speaker box plywood
- Waterproof plywood
- Arauco structural plywood
- Formply and film-faced plywood
- Exterior WBP plywood
- Marine BS1088 plywood
- MDF - Std, MR, FR, HDF

- Formica products – MDF and PB
  - Stylelite® panels
  - Aria plywood
  - Tec7 adhesives
  - OSB board – exterior
  - Veneered panel products
  - Flooring
- ... and a multitude of other types of wood based panel products. Just tell us what you are after and we will do the rest.

# Other Products

DMK offers quality products for the construction, furniture, joinery, scaffolding, form-working, aircraft, marine and hobby sectors. Included in our range is 'Craft

Plywood' manufactured in Finland. We stock a sheet size of 1220mm x 1220mm and 1550mm x 1550mm, ranging in thickness from 0.4mm (2 ply) through to 6mm (12ply).

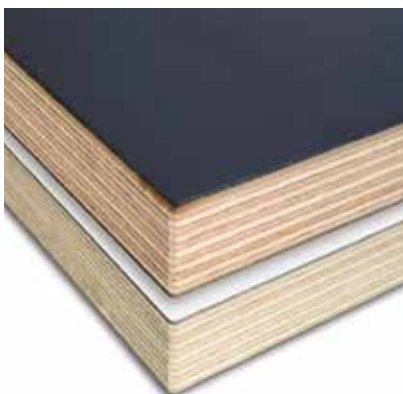

This premium plywood is used for model aircraft, light aircraft, percussion instruments, saddles, telescopes, displays and exhibitions, furniture and souvenirs.

# Other Products

## MelaMax

**MelaMax®** – an exclusive range of coloured laminates pressed onto WISA® Birch Plywood or WISA® Spruced Pine. Falcata lightweight plywood and MR E0 MDF are available optional substrates. Cold-pressed at our

*The all new MelaMax® Soft Touch*

Burleigh Heads manufacturing facility, MelaMax® is a versatile product that will give a designer finish every time.

MelaMax is available in a variety of solid colours and wood grains.

A new addition to the range is MelaMax® Soft Touch. This innovative product features a soft, matt surface resistant to finger prints, scratches, mould, water marks and is easy to maintain.

**SlattMax®** – a slatt walling panel, produced by DMK Manufacturing at Burleigh Heads, where we stock and use an 18mm MR MDF melamine panel. Just tell us the colour and slot spacing you need.

**TreadMax** – developed and marketed exclusively by DMK and tested and approved by the Engineered Wood Products Association of Australasia

(EWPPAA).  
**ewppaa** Used  
in truck

vehicle flooring, architectural facades, and where an extremely tough product is required.

**GrooveMax** – a V-grooved MDF panel for decorative internal linings.

# Other Products

**StyleLite**<sup>®</sup> – a premium high-gloss acrylic panel for kitchen and wardrobe doors, as well as shop fitting and joinery. It is the perfect material to create luxury kitchen and bathroom storage, tailor-made furniture, and feature panels.

Ask us for more information on this product.

The **Formica**<sup>®</sup> and **Laminex**<sup>®</sup> range of laminates, boards and panels is stocked and sold through all three DMK branches. Some products may take a minimum of a day or two to supply and this is no problem for us.

# DMK Manufacturing

DMK Manufacturing is a subsidiary of DMK Forest Products and an active part of our company. Our philosophy to optimise the Australian manufacturing content and do as much of the value-adding manufacturing in-house as possible, allows us to have greater control in maintaining our quality standards, timing and costs.

We are able to offer an even better range of CTS products and services following the installation of our new Biesse CNC router.

The Biesse machine – along with our existing beam saw, edge-banding service and two cold presses – makes DMK even more helpful to you and your business.

DMK Manufacturing manufactures, cuts and machines products for the larger end user. The division produces SlattMax®, our own slat-wall product, in a range of finishes and styles to suit our customers as well as the new MelaMax® range of decorative laminates. We cut to size V-Groove MDF and plywood, laminate and supply stair treads.

*Biesse Rover B 1009 CP router... heart of the manufacturing base at DMK Forest Products.*

We use the Formica and Laminex coloured board range. Perforating of panels is also part of our service, an ideal

product for acoustic applications. We are happy to quote on the substrate you require.
